

CAPABILITY STATEMENT

WWW.ATREVIDASCIENCE.COM

Atrevida Science is a privately-held, certified Minority/Woman-Owned Business Enterprise located in Clarence Center, NY, employing PhD's, engineers, and scientists. We provide engineering design, simulation, testing, analysis and control systems solutions. We address flight control using variable aerodynamic response of wings and blades and obtaining low weight with topology optimized structural design and additive manufacturing.

CORE COMPETENCIES

- Engineering Research
- Energy Systems
- Control Systems
- Advanced Manufacturing
- Design and Optimization
- Simulation and Experimental Modeling
- Change Leadership

COMPANY SNAPSHOT

CAGE CODE: **87PG3**

DUNS NUMBER: **116911834**

Government Business POC: Claudia Maldonado

E-Mail: cm@atrevidascience.com

Phone: 512.791.2695

Address: 8941 Galway Terrace
Clarence Center, NY 14032

PAST PERFORMANCE

NSF I-Corps extensive customer discovery

Collaborating on Design, simulation, prototype development, and wind tunnel testing of aerodynamic structures

Phase I and II Award recipient for Design of Flexible Materials for Aerodynamic Structures

SOCIO-ECONOMIC STATUS

U.S. Small Business Administration

Minority/Woman Owned Small Business

NAICS CODES

541620 – Environmental Consulting Services

541690 – Other Scientific and Technical Consulting Services

541715 – Research and Development in the Physical, Engineering, and Life Sciences

Partners

Koo & Associates International, Inc.
